China International Exhibition Center (Shunyi Hall), Beijing, China 11 – 13 May, 2024

ISH China & CIHE 2024 to feature prominent brands and innovative HVAC technologies, opening 11 May

Beijing, 9 May 2024. ISH China & CIHE, the China International Exhibition for Heating, Ventilation, Air-Conditioning, Sanitation & Home Comfort System, will take place from 11 – 13 May 2024 at the China International Exhibition Center (Shunyi Hall) in Beijing. Recognised as a leading HVAC event, the exhibition will introduce the latest developments in HVAC products and technologies, enabling participants to leverage the opportunities presented by China’s clean energy policies. This year, ISH China & CIHE aims to enhance its international influence, reintroducing its celebrated overseas pavilions and strengthening its position as a key annual fixture in Asia’s HVAC sector.

In alignment with China’s national clean energy policy, the event will be structured around three sustainability-driven themes: “Energy”, exploring renewable-energy heating solutions, “Water”, including pumps, valves and accessories, and “Life”, dedicated to smart home products and solutions. Product categories will be arranged according to these themes, encompassing HVAC systems, heat pumps, air conditioning, building technology, plumbing, smart heating, home comfort systems and more.

Jointly organised by Messe Frankfurt (Shanghai) Co Ltd and CIEC GL events (Beijing) International Exhibition Co Ltd, the fair’s 2024 edition will welcome 1,100 domestic and international companies to Beijing. These participants will showcase a wide selection of HVAC products and technologies across 106,000 sqm of exhibition space, providing a collaborative environment for the exploration of new opportunities, industry trends and the promotion of sustainable development within the industry.

Building stronger business connections across borders

The fair is committed to strengthening ties between Chinese and international visitors, assisting participating enterprises in accessing business opportunities both within China and abroad. The overseas areas, a highlight in past years, will return once again to facilitate cross-border cooperation.

Overseas area

ISH China & CIHE 2024 will host a dedicated overseas area in halls E1 and W2 of the fairground, designed to support overseas companies seeking to enter the Chinese market. This area provides a platform for international exhibitors to showcase their products and more easily connect with local partners, with featured exhibitors including AYVAZ, BSI, Duro ESKA, Grundfos, Heatmiser, Madewelle, POLIDOO, Sermeta and more.

German area

Since its debut, the fair's German area has played an important role in bringing German HVAC technologies to the Chinese market and fostering dialogue between German and Chinese industry stakeholders. Located in Hall E2, this year's participants include AFRISO, aquatherm, Barnova, BLAUBERG, Halmburger, HANSA, Lamtec, Mommertz, Neoperl Rhein, Thermoplus, Wita-Wilhelm and more.

Canadian pavilion

The Canadian pavilion, returning after its highly praised debut last year, will now occupy twice its previous space in hall E1. The Canadian Embassy will once again bring its members to participate, discuss HVAC development trends between North America and China, and seek out new business and trade opportunities. Confirmed exhibitors at the pavilion include Armstrong, Cloverdale Paint, Delta, Hi-Velocity and SRP.

Gas Wall-hung Boilers Industry G20 Products Section

This year, ISH China & CIHE has partnered with the China Gas Heating Professional Committee to launch the 'Gas Wall-hung Boilers Industry G20 Products Section', a new showcase featuring over 20 leading enterprises from China's gas wall-hung boiler industry. The section will feature prominent participants including A.O. Smith, Ariston, Beretta, BDR, Bosch, Dayuan, DYNASTY, Hause, HAYDN, hpd, immergas, KD Navien, Kenmo, ROC, Squirrel, Vaillant, Vanward, Vatti, VIESSMANN, Vooma and more.

Water pump area

China's water pump market has expanded significantly in recent years, driven by the industrial sectors' increasing demand for energy efficiency. It is now one of the largest water pump markets worldwide. To accommodate this growth, the fair will once again feature its water pump exhibition area, featuring high-quality systems optimised for different distribution systems and end-user requirements. Featured exhibitors include: Andritz, Aoshen, AWMT, DAFU, Dengfeng, Dooch, East Pump, Grundfos, IPUS, Jiasidun, Kaidi, LAIKO, Langqi, LINGXIAO, MIJIAD, MINAMOTO, Nanwo, NYP, Pentax, Pump, Purity, RHEKEN, SFA, Shoufei, Sofar, TAIFU, Westone, Wilo, Xiling, Xinhongba, Xinhua, Xylem, YOKING and Yuanguan.

In addition to the exhibitors featured above, this year's show will bring together other leading firms, such as:

Energy:

Aikeduo, AMA&HIEN, Amitime, ANZE, AUSNER, Bangdun, Blackants, CAREL, Chigo-geme, CSWADI CTE, DAHE, Danfoss, Defu, Devotion, EBICO, Elaix, Electrolux, EK, Fangkuai, Forlssman, Fude, GAVAP, GREE, GONGDA KEYA, Haier, Hangyan, HETONG, HUAMEI, Huizhong, Kennede, Kenuo, Linuo-ritter, Midea, Micoe, Noritz, OUTES, Phnix, Ploumeter, Precise, Power World, Rinnai, RUNA, Sino King, Squirrel, Sunrain, Tenesun, TigerIOT, Tongfang, VANHORD MRCAN, VANGL, Varmecom, VOLKS, Wotech, Xinnengke, Xinxing, XHX, YIDUO, and Zhongli Chuangye

Water:

Angel, Broen, Brofer, Chunrun, Haier, Homedesn, HPURES, Kingmark, KMC, Nobana, Solerad, Wellhausen, WILO and United Hankgo

Life:

Aalberts, BELIMO, Conex|Bänninger, Double-lin, East Pump, +GF+, GFGFV, Hongyue,

ILIKEIT, Jielida, Jumo, Kamailong, KEMPER, Lonpend, Resideo, Ryder, Senwater, SHIMGE, TASAN, Tianmai, Tongli, Westone and Wieland

At the fair, attendees will have access to more than 60 forums and over 100 concurrent activities, designed to facilitate information exchange and professional development. These sessions will feature insights from prominent international scholars on the latest technological advancements supporting decarbonisation.

iHVAC: Returning with a focus on zero-carbon heating solutions

A hallmark event of ISH China & CIHE, the 2024 China International HVAC Congress (iHVAC) is co-organised with the China District Heating Association (CDHA). This forum provides an interactive platform for domestic and international government representatives, industry associations, experts, scholars, and leading enterprises to explore the latest energy development trends within the HVAC industry, with a particular focus on zero-carbon heating solutions. Forum highlights include:

iHVAC - International conference of the Future Development of Low Carbon Energy

- Date: 11 May
- Venue: Conference Room W-201, West Conference Building, South Entrance Hall (2F)

iHVAC - The China District Heating Industry Achievements Showcase

- Date: 11 – 13 May
- Venue: Hall W4, Conference Area C3

iHVAC - Seminar on Renewal of Urban Heating Equipment and Retrofitting of Old Pipe Networks

- Date: 13 May
- Venue: Conference Room W-201, West Conference Building, South Entrance Hall (2F)

The new technology and new product launch of ISH China & CIHE 2024

- Date: 12 May
- Venue: Conference Room W-201, Conference Building, South Entrance Hall (2F)

Alongside iHVAC, ISH China & CIHE hosts a range of concurrent events covering topics including clean energy, heating supply systems and low-carbon development. Highlights throughout the three-day exhibition include:

iHVAC – The 1st International Heating Technology Forum

- Date: 12 May
- Venue: East Garden Conference Room (2F)

iHVAC – “Leveraging Heat Pumps for New Quality Productive Forces” Technology Forum and the "2023 China Heat Pump Industry Development Yearbook" Launch Ceremony

- Date: 12 May
- Venue: Conference Room W-201, Conference Building, South Entrance Hall (2F)

The 2nd National Design Institute Chief Engineers Technical Forum

- Date: 11 May

- Venue: Conference Room W-105, West Conference Building, South Entrance Hall (1F)

2023 – 2024 Thermal Energy Storage Development Report Release Conference

- Date: 11 May
- Venue: Hall W4, Conference Area C4

Heating Industry Preventive Action Program and Energy-efficient Technology Innovation and Application Seminar

- Date: 12 May
- Venue: Hall E1, Conference Area C1

Decoration Designer Forum

- Date: 11 – 12 May
- Venue: Hall E1, Conference Area C1

National Home Comfort System Skills Competition & Heating and Cooling System Workshop

- Date: 11 – 13 May
- Venue: Hall W4, Conference Area C5

Construction Skills Contest for Qifen Home Decoration Plumbing and Electric

- Date: 11 – 13 May
- Venue: Hall W4, Conference Area C4

ISH China & CIHE is organised by Messe Frankfurt (Shanghai) Co Ltd and CIEC GL events (Beijing) International Exhibition Co Ltd. It is headed by the biennial ISH event in Frankfurt, Germany, the world's leading trade fair for HVAC + Water, which will next take place from 13 – 17 March 2025. For more information, please visit www.ish.messefrankfurt.com.

For more information about ISH China & CIHE and, a further ISH event in China, ISH Shanghai & CIHE - Shanghai International Trade Fair for Heating, Ventilation, Air-Conditioning & Home Comfort System, please visit www.ishc-cihe.hk.messefrankfurt.com.

Background information on Messe Frankfurt

The Messe Frankfurt Group is the world's largest trade fair, congress and event organiser with its own exhibition grounds. With a workforce of some 2,300* people at its headquarters in Frankfurt am Main and in 28* subsidiaries, it organises events around the world. Group sales in financial year 2023 were more than € 600* million. We serve our customers' business interests efficiently within the framework of our Fairs & Events, Locations and Services business fields. One of Messe Frankfurt's key strengths is its powerful and closely knit global sales network, which covers around 180 countries in all regions of the world. Our comprehensive range of services – both onsite and online – ensures that customers worldwide enjoy consistently high quality and flexibility when planning, organising and running their events. We are using our digital expertise to develop new business models. The wide range of services includes renting exhibition grounds, trade fair construction and marketing, personnel and food services. Sustainability is a central pillar of our corporate strategy. Here, we strike a healthy balance between ecological and economic interests, social responsibility and diversity.

For more information, please visit our website at: www.messefrankfurt.com/sustainability

With its headquarters in Frankfurt am Main, the company is owned by the City of Frankfurt (60 percent) and the State of Hesse (40 percent).
